PRECONTRACT APPROVAL RECORD
(PART TWO)

CONTRACT

CA-20

25X1A

The services and equipment being procured by this Contract No. CA-20, Amendment No. 4 are in furtherance of the OX CART / / KEDLOCK Program(s), the nature of which cannot be publicly disclosed for security reasons. The Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC 2122, signed by the DDCI on 15 October 1961.

Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.

The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated:

25X1A

Contract No. CA-20 covers support in the following categories:

- a. Calibrate Instrumentation
- b. Operate Base Support Shops
- c. Maintain Ground Support Equipment
- d. Operate Tool Crib
- e. Maintain Chase and Administrative Aircraft
- f. Material Handling, Loading, Unloading, etc.
- g. Inspect, Test and Repair GFAE
- h. Investigative and Safety Engineering Services
- i. Telephone and TWX Service
- j. Accommodation Sales

Amendment No. 4 provides for additional funding and fixed overhead rates for the following periods:

1 July 1963 - 29 Sept 1963
30 September 1963 - 29 December 1963
30 December 1963 - 28 June 1964

The rates for this last period will be negotiated, and the hourly amounts will be inserted at the Contractor's plant during our forthcoming meeting scheduled for the week of 16 March 1964.

On 30 September 1963 other support contracts became effective. All of these contracts had many of the same type labor requirements. In order to limit the number of labor classifications for which rates would be required, certain new ones were established as of 29 September 1963 which will serve the needs for all support contracts.
